FOR YOU

The most beautiful words, I'd like to tell you
With the terms nobody uses

I'd like to make you feel the most beautiful
Doing what nobody does

I'd like to touch the deepest
Scars of yours
Not to heal them.
Just sitting by your side.
Perhaps, to touch your life
Parts of you, nevertheless.

Perhaps, you'd like to
Know me, too
Understand me,
Whisper my name,
Embrace me.
Or just, to look deep in my eyes
And find yourself.

Until the sun rises and just before
it sets
Only this will remain
A kiss on my cheek.
